REASONS FOR ALLOWANCE

1. Claims 1-5, 7-11, 13-16, 18, and 21 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The examiner agrees with those arguments presented 6/20/06. Although the combination of the dithionic acid, or alternatively the dithioate, and the sulfate are known, the use of these two compounds specifically for the process of treating a metal substrate was not taught. Nor would it have been obvious based on the teaching of the prior art to modify those compositions to include these two specific compounds. As such the applicant's specific processes for treating metal substrate using the dithionic acid, or alternatively the dithionate in combination with the sulfate has been found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Douglass McGinty can be reached on (571)272-1029. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
